

Product Name :
Food Single Room Vacuum Packaging Machine

Product Code :
EQUP-MC20019-0017

Description :

Food Single Room Vacuum Packaging Machine

Technical Specification :

Single room vacuum packaging machine suitable for the packing of many kinds of products, it can prevent the products from oxidization and mildew, as well as corrosion and moisture, keeping the quality and freshness of the product over a prolonged storage time.

Single room vacuum packaging machine draws the vacuum inside the packaging bag and then seals it to form a vacuum inside the bag (or vacuum after filling), so that the packaged articles can reach oxygen barrier, fresh-keeping, moisture-proof, anti-corrosion, anti-rust and anti-corrosion. , anti-insect, anti-pollution (inflating protection and anti-extrusion) and other purposes, effectively extend the shelf life, preservation period, and easy to store and transport. The vacuum packaging machine adopts 304 stainless steel plate for international standard food, which has high strength and is not easy to be damaged.
