

**Product Name :**  
Portable Walk Through Metal Detector

**Product Code :**  
EQUP-MC20280-0025

**Description :**

Portable Walk Through Metal Detector

**Technical Specification :**

When we say portable we mean a truly dynamic detector capable of being rapidly deployed within minutes instead of hours. With only one operator the HW-1313 metal detector can be deployed and transported to virtually any location and be up and running within five minutes! With a battery life of 40 hours, a total weight of 35kg and a unique one-person transport configuration when collapsed, the detector will empower you with before unavailable security solutions.

Operating temperature: -20? to +70?

Relative Humidity: 95%, non-condensing

Protection Level: IP55, UV protection

Folded Dimension: L950 x W600 x H620mm

Passage Dimension: L810 x W790 x H2120mm

External Dimension: L810 x W1180 x H2240mm

Packing Dimension: L1065 x W675 x H705mm
