Product Name :
Listening Through Wall Device Audio and Listening Device

Product Code :
EQUP-MC20284-0011

Description :

Listening Through Wall Device Audio and Listening Device

Technical Specification :

This multi-function stereo listening through wall device can give listener the clearest audio information they are going to know. This is a special amplifier that will pick up the slightest noise through solid objects like a wall, so you can listen to what is happening on the other side.
