Product Name :
Nugget Preduster

Product Code :
EQUP-MC20204-0013

Description :

Nugget Preduster

Technical Specification :

Belt width: 300mm
Belt speed: 7m/min(optional Frequency conversion)
Power: 1.35kw
The electricity: 380V/50Hz,3P,415v,220v,3p
Input height: 710 770mm
Output height: 730?800mm
Weight: 220kg
Overall dimension: 2000x880x1420mm
Air volume valve
Distribution box
Blower fan
Power feed port
Press roller:pressing roller deign can help to coat the products and can regulate the thickness of the coating
