

Product Name :
Semi Automatic Round Bottel Labelling Machine

Product Code :
EQUP-MC20086-0039

Description :

Semi Automatic Round Bottel Labelling Machine

Technical Specification :

Usage/Application Sticker Labeling
Bottle Type Round
Material S.S. body
Type Semi Automatic
Speed 25 - 50 pcs/min
Capacity Variable
Machine Type Semi-Automatic
Power Consumption 220 V

Features:

With our proficiency in this relevant domain, we are able to provide an optimum quality assortment of Semi Automatic Round Bottle Labeling Machine in the national market. These offered machines are stringently examined and tested by our quality controllers on varied parameters to make sure their perfect delivery at clients end. Apart from this, these products are highly appreciated in the market.

Features:

- Corrosion resistant
- High strength
- Hassle free functionality

Additional Information:

- Pay Mode Terms: T/T (Bank Transfer), Other

Production Capacity: 35-40 ppm
