

Product Name :
Automatic Flat/Oval/Square Bottles Sticker Labeling Machine

Product Code :
EQUP-MC20086-0041

Description :

Automatic Flat/Oval/Square Bottles Sticker Labeling Machine

Technical Specification :

Frequency Variable
Voltage 220
Controller PLC Painal
Production Capacity Variable
Motor Power Three Phase
Label Sticker Length any
Label Sticker Width any
Container Round

Due to our rich market knowledge and experience, we are indulged in offering a gamut of Wrap Around Automatic Round Bottle Labeling Machines to our respected customers. These offered machines are developed and manufactured using cutting-edge technology and premium grade basic material in tune with industry set norms and guidelines. Along with this, these machines are available at very reasonable prices.

Features:

- Rugged

-
- Sturdy
 - Low maintenance
